Summary

Skilled, optimistic and goal-driven worker able to create a positive environment through team communication and an excellent work ethic while working from home and while studying for my A levels in college. Determined and enthusiastic worker that is highly effective in collaboration with project, production and artistic leaders. Confident and friendly attitude, allowing me to engage with customers in an appropriate manner.

Experience

Teaching Assistant in Primary Schools **06/2018 to 06/2018**
Penllergaer Primary School **Swansea**

- Maintained excellent standards of service through impeccable attention to detail.
- Delivered an exceptional level of service to each student by listening to concerns and answering questions.

Volunteer industrial designer **03/2020 to 09/2020**
Halma Water Management (Unpaid) **Swansea**

Designed and 3D printed prototype proof-of-concept sensor enclosures for a family member at the company during lockdown.

Volunteer Graphic Design **06/2019 to 07/2020**
Pontarddulais Comprehensive School **Swansea**

Worked as a part of the yearbook team for my year 11 year. I designed the front cover, where I recreated the Avengers: Infinity War poster using the teachers as the characters. I worked with a 30 day deadline and delivered a detailed and well received piece.

Accomplishments

Awarded the Freedom of The City award while a part of 215 (City of Swansea) Squadron Air Cadets. Completed multiple courses such as radio communication, marksmanship, and DofE training while a cadet.

Learned basic flight techniques and maneuvers while flying with an experienced RAF pilot.

Given academic award in product design at the end of compulsory schooling.

Hobbies

In my free time, I do a lot of 3D modelling. I design props, costumes and sculptures both on photoshop and 3D modelling software. I also 3D model technical items to use in a working environment such as: clothes hooks, phone stands, cable management brackets and other similar items. I then 3D print, paint and finish the pieces in detail. By surrounding myself in art, it allows me to stay in a creative mindset. I enjoy reading and writing stories, as well as filming and editing videos as it helps me connect with others. My personal fitness has become extremely important to me over the past year. It helps me keep motivated both mentally and physically. I have an interest in the gym, the lifestyle surrounding it and the social aspects of it.
